## Masking Tape Orange

---

### Characteristics

---

Fineline and mask in one step. This very thin masking tape hardly leaves any paint edges. Top-quality, flexible and waterproof. Also suitable for masking rubber and plastic parts.

---

### Technical Data

---

Base material	Japanese paper
Adhesive	Acrylic
Tensile strength	29.0 N/10mm
Adhesion to steel	1.55 N/10mm
Total thickness	0,085 mm
Elongation at break	6 %
Holding power	1.0 Shear/mm
Heat resistance	up to 100°C

---

### Storage and Transportation

---

Store in a clean, dry place. Temperature of 21°C and 40% to 50% relative humidity are recommended.  
12 months shelf life, when stored under suggested storage conditions.
