7420

Rallye Spray black silk-mat

Characteristics

7420 Rallye Spray is a fast drying car refinishing paint. The product is weather resistant and lightfast. Especially suited for fast and simple repair work on cars and other vehicles.

Tech Tip

- Fast drying, weather resistant.
- Good hiding power, good adhesion.
- Lead-free, lightfast.

Application

Substrate: Fully hardened and sanded old paint work, thoroughly dry 1K and 2K Filler materials.
 Pretreatment / Cleansing: Precleansing with 4CR silicone remover.

Processing conditions from +15°C to +25°C and upto 80% relative air humidity.

All substrates must be clean, dry and free from grease. Shake can vigorously for approx. 3 mins. prior to use. Spraying distance approx. 20 - 30 cm. Apply several thin layers, with a flash-off period of approx. 3 - 5 Minuten between each coating. After use, turn can upside down and spray until the valve is clean, this prevents the valve from clogging up.
