

Art.-No.: 6.8810.0250

**8810**

## 8810 C-CLEAN

---

### Characteristics

---

C-Clean 8810 is an efficient alcohol-based surface cleaner that reliably removes oils, fats and waxes. Suitable for hardened paint surfaces, glass and plastic parts installed on the vehicle.

C-Clean 8810 removes soiling and prepares the surface for sealing with C-Glaze 8820 or C-Protect Nano 8830.

C-CLEAN 8810 was developed, tested and produced in Germany.

---

### V.O.C. Value

---

600 gr/Liter

---

### Tech Tip

---

To obtain a perfectly clean and protected surface, the desired surface should be polished, then thoroughly cleaned with C-Clean 8810 and finally coated with C-Glaze 8820 or C-Protect Nano 8830.

---

### Application

---

Spray evenly on the surface and wipe with a soft microfibre cloth.

May NOT be applied to freshly painted surfaces.

---

### Technical Data

---

---

### Storage and Transportation
