8842 Glass cleaner

Characteristics

Ready-to-use with its anti-static composition for the cleaning of glass and chrome surfaces. Dries quickly, leaving no streaks or film.

- Acts quickly due to the presence of wetting additives
- Gives the glass absolute transparency and does not leave streaks
- Suitable for application both outside and inside the car
- Effectively removes nicotine deposits, does not damage the tint film
- Can be used for cleaning of car headlights polycarbonate glass
- Safe for any automotive parts as it does not contain ammonia
- Bottle with a trigger

Tech Tip

Cleaning of car windows and chrome-plated parts from road dirt and oil film.

Application

Turn the trigger to the SPRAY position, apply the glass cleaner from a distance of 20- 30 cm from the surface.

Wipe with a clean dry micro cloth, in order to ensure the best cleaning results, change the micro cloth used to wipe off the glass frequently.
if necessary Repeat the process.

Turn the trigger to the OFF position after use.
