

Art.-No.: 6.8845.0500

8845

8845 Bitumen stain Cleaner

Characteristics

Ready-to-use organic solvent-based compound for removing of tar, bitumen, car rubber traces, oil products, soot, plant residues, anti- corrosion agents and other contaminants.

- Due to the penetration into the deep layers of dirt, it removes old and dried bitumen stains
- Bottle with a trigger
- Starts to act immediately after application
- Does not contain aggressive components, therefore does not damage the paintwork.

Tech Tip

Use a soft brush for parts with complex surface geometries (radiator grille, bumper elements).

Application

Apply the Bitumen stain cleaner to the surface from a distance of 20-30 cm. In case of strong contamination, reapply the cleaner all over again.

After 2-3 minutes remove the dirt with a sponge. Rinse the surface with clean water and wipe with a dry clean cloth.

Repeat treatment if necessary.

After treatment, turn the trigger to the OFF position.
